See if you can hop over the next hurdle, Riyu!

Good dragon! I just wish I had a treat for you.

I know what gives me fuel!
Maybe mechs don't run on chicken legs. . .

Uh-oh.

Dragon Double-Cross

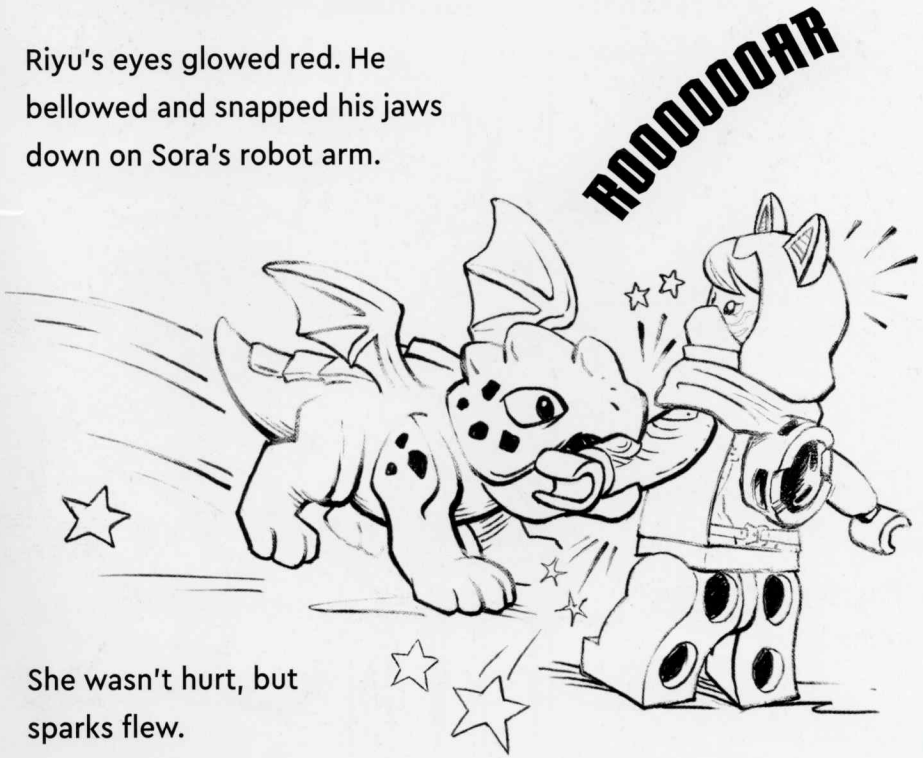
Strange things were happening in the Crossroads. Even Riyu the dragon wasn't his usual friendly self. One night, Arin had just baked a pie when he spotted him. "Want a bite, Riyu? It's your favorite—snowberry!" Riyu snatched the pie—and the baking pan! He swallowed Arin's pan in a single gulp. . . and spat out the pie.

Sora used a wrench to cook a chicken leg in her mech's flaming afterburners. "Riyu may be sick of pie," she said. "But he's never turned down chicken!"

The dragon snapped it up. . . only to spit out the chicken and chew on the wrench like a bone!

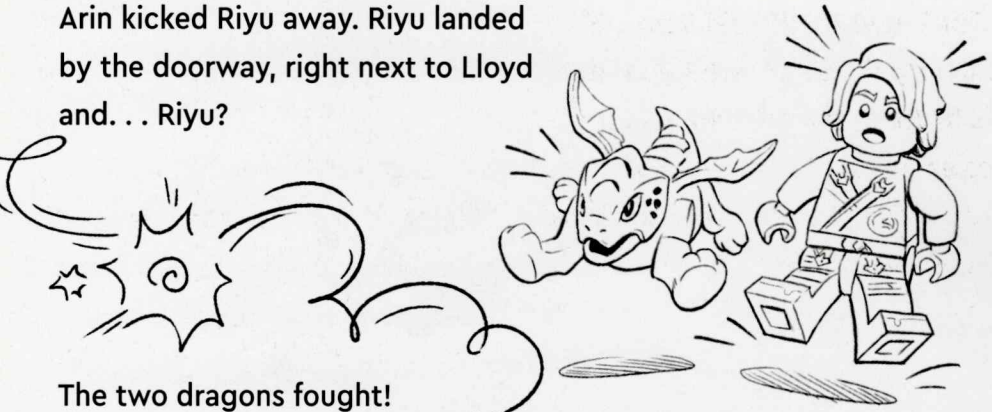
"Hmmmm. . ." Arin looked at Riyu thoughtfully. He pressed a button on Sora's mech remote. It made the mech's wheels—and Riyu's head—spin around!

Riyu's eyes glowed red. He bellowed and snapped his jaws down on Sora's robot arm.



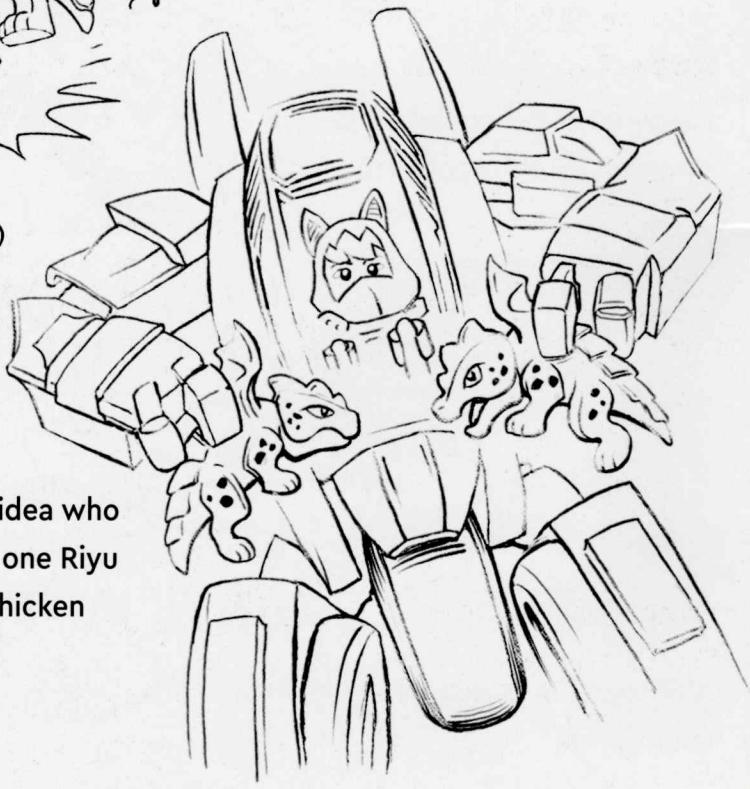
She wasn't hurt, but sparks flew.

Arin kicked Riyu away. Riyu landed by the doorway, right next to Lloyd and. . . Riyu?



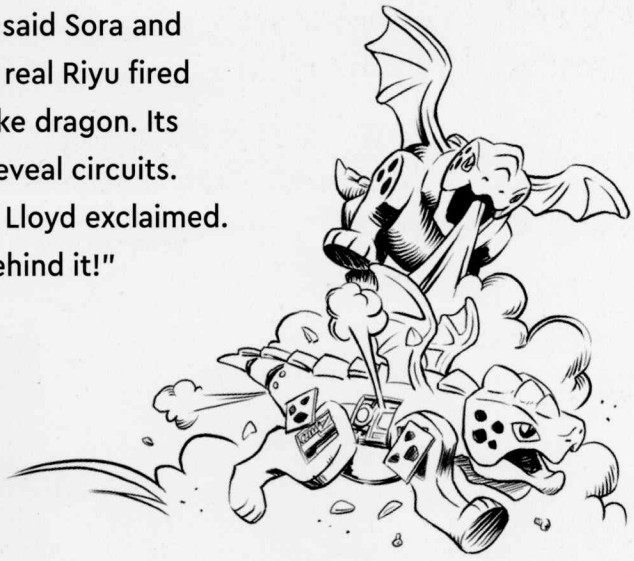
The two dragons fought!

Sora used the mech to separate the dragons. "One Riyu is a fake!" she said.



The ninja had no idea who was who. . . until one Riyu gobbled up the chicken leg on the floor.

"That's our Riyu!" said Sora and Arin together. The real Riyu fired his flame at the fake dragon. Its scales melted to reveal circuits. "It's a robo-Riyu!" Lloyd exclaimed. "I bet Rapton is behind it!"



Later, Rapton was planning his next attack on Ninjago City when he saw one of the Riyu dragons. But which one was it? Suddenly, it belched—**BUUUUURP!**—and the dragon's head spun around. Then it spat out a pie—right in Rapton's face.

Rapton rolled his eyes. "That's my Riyu!"

HUMBLE STUMBLE

I am the greatest ninja ever!
Lloyd said ninja are supposed to be humble.
I am. I am the most humble ninja ever.
That's not what "humble" means!
It means you are not too proud of yourself!

Oh.
Then I'll show you my skills, and you tell me what you think?
TA-DA!
Yes!
Go for it.
Behold my balance!
That doesn't sound super humble—but good job with that teapot!

Now behold my Spinjitzu shuriken!
Hey! Watch it!
Uh-oh! I'm losing my balance! Don't behold this part!

Oh, no! The tea short circuited your mech! I broke it!
BZZZZZZT
No, it's okay! The mech is just halfway transformed into a bike! I'll fix it now!
